

Sample Reprint Query

Good Morning Nancy:

The humor column pasted below is available as a reprint with regional exclusivity given to your area in Florida. It's a 512-word humor column that has been previously published in Kalamazoo Parent and Staten Island Parent magazines in 2012. As a freelance writer I've written for many regional parenting publications like those previously mentioned as well as Cincinnati Family Magazine, Indy's Child, Space City Parent, Vancouver Parent and others.

Thank you for your consideration and I look forward to contributing to your publication. I have more humor column reprints available as well as service journalism articles, but I am also open to working on assignment and localizing information and quotes to better appeal to both your advertisers and readership.

Most Sincerely,

Bonnie Jean Feldkamp

Query Tips

1. Do **NOT** include attachments unless requested. Always paste your submission in the body of the query for their convenience.
2. If you have photos that accompany the submission let them know in the query. Again, do NOT attach them automatically.
3. I cannot stress this enough. Many emails that contain attachments just get deleted because:
 - a. They don't want your computer's Virus
 - b. They don't want to clog their hard drive with your submissions.
